

OCTOBER 2015: HIGH-LEVEL REVIEW ON THE 15TH ANNIVERSARY OF 1325 AND GLOBAL STUDY

- SOCIAL MEDIA PACKAGE -

I. Introduction

In preparation for the 15th anniversary of UNSCR 1325 and the Open Debate and High-Level Review of Women, Peace and Security, PeaceWomen has created this comprehensive social media packet for WILPF sections and partners [listed below] as a resource for strategic engagement with key target groups in order to mobilise commitments into actions.

II. What's Happening?

In October 2015, the Security Council will convene a High-Level Review to assess progress at the global, regional, and national levels in implementing UNSCR 1325 (2000); to renew commitments; and to address obstacles and constraints that have emerged in the implementation. Women activists, advocates, and women human rights defenders along with UN Member States and agencies will celebrate the 15th anniversary of the adoption of 1325 and the establishment of the Women, Peace and Security agenda.

#FeministForeignPolicy <i>When to use:</i>	In reference to the integrated approach to peace and human security behind the concept of a feminist foreign policy. Use broadly; important to be used during key events that include the “Feminist Foreign Policy” tag in the title.
#NothingAboutUsWithoutUs <i>When to use:</i>	Relative to addressing how the shift in the events surrounding October’s High-Level Review of 1325 and the WPS Agenda has disseminated civil society’s presence and participation. Use broadly
#OctoberandBeyond <i>When to use:</i>	*strictly to be used in the follow-up to October’s HLR; can be used starting 23 October forward*

III. What Are We Going to Say?

a. Key Messages

1. **Feminist Foreign Policy:** The central focus surrounding the 15th anniversary must be on pushing for local impacts and actions beyond the rhetoric heard at Headquarters, by demanding global commitment. WILPF’s position is based on advocating for a feminist foreign policy that utilises an integrated approach to human security that understands simply that, to achieve sustainable peace, we must challenge the root causes of violence and war; dismantle structures of gendered power (i.e. patriarchy; militarisation; militarism) while building inclusive societies founded on the pillars of gender equality, equal participation, and socio-economic justice.

2. **Localising 1325:** promoting the voices of women human rights defenders and humanitarian/civil society is reaching the international stage (e.g. the Security Council; Donor States) on what UNSCR 1325 means to them and what needs to be done.

3. **Stigmatisation of Militarism/War:** shedding light on the political economy of militarisation and the destruction caused by living in a militarised state, whether in conflict or in peace. Further, bringing attention to the impact of militarism/patriarchy on men and boys as well as women and girls.

4. **Mobilising Commitments into Action:** engaging with stakeholders and putting pressure on donor countries and member states to make concrete pledges towards the Women, Peace and Security Agenda. Also, ensuring that the momentum behind the 15th anniversary of UNSCR 1325 is not lost after October.

Despite the repeated commitments, the Women, Peace and Security agenda is far from being comprehensively implemented in policy and practice. To achieve effective and sustainable mechanisms of preventing and resolving conflict, UN Member States and agencies must take concrete action in terms of: women's meaningful participation in all peace and security processes; national and regional implementation of WPS obligations; delivering funding; implementing the prevention pillar; ensuring accountability; and leading by example. 1325 Means [Stigmatisation of Militarisation]

UNSCR 1325 works to ensure women are engaged in international peace processes to ensure holistic peace and human security for all! Which aspect of the resolution do you see as most important? [UPLOAD RESOLUTION1325 IMAGE]

#1325Means Inclusive Participation. Women and girls are almost always excluded from the political processes that are essential for peace and security: between 1992 and 2011, less than 4% of signatories to peace agreements and fewer than 10% of negotiators at peace tables were women. Yet, there is solid evidence that women's participation in peace negotiations contributes to more lasting peace. We must demand that member States recognise women and WPS as a cross-cutting issue and NOT just an afterthought! [Upload Recommendation 4] <http://bit.ly/1Kql8C5>

Localising 1325

Fifteen years ago, in 2000, the UN Security Council adopted the ground-breaking resolution 1325 on Women, Peace and Security - the first resolution to link women's experiences of conflict to international peace and security. This month, a High-level Review will assess 15 years of at the global, regional and national levels. [<http://peacewomen.org/security-council/2015HLR>]
