16 DAYS OF ACTIVISM AGAINST GENDER VIOLENCE
16 DÍAS DE ACTIVISMO CONTRA LA VIOLENCIA DE GÉNERO
16 JOURS D'ACTIVISME CONTRE LA VIOLENCE DE GENRE
25 NOV - 10 DEC <http://16dayscwg.rutgers.edu>

The Center for Women's Global Leadership (CWGL) strengthens and facilitates women's leadership for human rights and social justice worldwide. CWGL envisions a world in which all people are equal and gender equality is systemically realized by the achievement of human rights for all. Specifically, we work to promote an end to gender-based violence and highlight linkages with militarism, advance economic and social rights from a feminist perspective, and build coalitions to deepen capacity around issues critical to the global women's movement and secure policy reform at international and national levels.

Promoting an End to Gender-Based Violence

The Security Project: "What Does Security Mean to You?"

Often when we hear about security, it's in terms of the State: military, police, private armies or other "security sector" agents. This project aims to document the ways in which human security is defined by civil society. Responses will be used to analyze the ways in which state spending reflects the expressed priorities of civil society.

Advancing Economic and Social Rights from a Feminist Perspective

CWGL builds women's and feminist leadership in the area of economic and social rights and develops alternative feminist approaches for the realization of economic and social rights for all. CWGL facilitates inquiries into and deconstructs practical and theoretical understandings of the ways in which macroeconomic policies affect women, households, communities, nation-states and the global economy.
