GENERAL INSTRUCTIONS

Please indicate some general information about your entity in the section below. After this, please report one initiative per page, providing the appropriate information including the output and related indicators, as well as the various activities and different locations (global, regional, country levels) where the initiative is planned. You should allow for approximately ten minutes for completing the information for each initiative. To complete the template, type your responses in the grey text boxes, which will expand as needed. Further, feel free to attach any additional information. Also, please note that this format allows you to report on 15 initiatives, should you need to report on more please submit a separate file.

ANNEX I. DETAILED INSTRUCTIONS

The template consists of three sections:

- Section A: Identification of the initiative
- Section B: Initiative results statements and indicators
- Section C: About the initiative

Completion of all three sections of this template follows the results chain from a higher goal in the thematic areas for the implementation of SCR 1325 through outputs to strategies/activities.

Section A. Identification of the initiative

This section requests information on the actions to be taken or to be performed through which UN entity is intended to produce specific outputs. In the boxes in this section, entities are requested to provide: 1) a brief title of the initiative; 2) a short narrative description; 3) information on main partners; and 4) indicate which of the five thematic area/or areas the initiative aims at: Prevention; Participation; Protection; Relief and Recovery; or Normative. Broad definition of the thematic areas together with examples are provided below to facilitate identification of thematic areas. We encourage marking more than one area only when considered strictly necessary. If the initiative is a joint effort by several entities or a coordinating mechanism, please provide the full name (s) of the coordination mechanism and entities involved.

Section B. Initiative results statements and indicators

In this section entities are requested to place their reported initiative (s) in a Results Based Management (RBM) framework and provide information on:

- **Output/expected accomplishments:** This refers to the products and services which results from the completion of planned activities within a specific initiative
- **Indicator of output/expected achievement:** Please provide indicators for the reported initiatives. You can list both qualitative and quantitative indicators that will allow the verification of changes produced by the initiative relative to what has been planned. Make sure that output indicators measure the output statements. Please refer to Annex 2 for the list of suggested indicators.
- **Source.** Please provide information about the data sources for your selected indicator
- **Baseline:** Please provide baseline data against which progress can be measured. The baseline might be defined on the basis of the results achieved by each entity through implementation of 2006-2007 action plan.

Section C. About the initiative.

This section requests more specific information on the initiative.

- **Where?** Indicate where the initiative will be implemented – HQ, global, region, country. Please specify name of region (s) or country (ies). [NOTE: If the same initiative will be implemented in several countries or regions, please use one template for the initiative but list all the relevant locations]
- **When?** Indicate the time-frame of the initiative. Please be as specific as possible, e.g. instead of reporting “ongoing,” provide information of start and end dates and/or frequency.

- **How?** Each initiative should be categorized according to five broad categories: policy development; advocacy; capacity building; partnerships/networking and provision of goods and services. For analytical purposes the category ‘capacity building’ has been divided into three sub-categories: ‘training’, ‘guidelines’ and ‘other capacity building’. The box below explains these categories.

Examples:

- Promotion of the inclusion of a gender perspective in entity reporting through meeting interventions
- Development of gender sensitive public information materials

CAPACITY-BUILDING

This includes training; the design and implementation of guidelines; and other initiatives which build human and/or institutional capacity for implementation of SCR 1325. Capacity-building initiatives can be both internal to the UN and external such as the building of capacity of national or local government institutions or personnel or that of civil society to implement the resolution.

Examples:

- Provision of systematic gender training to all levels and categories of UN staff
- Appointment of and support to gender advisors/ technical experts in the UN system at HQ and field levels
- Provision of training and technical support to regional and national actors to ensure that women’s rights and gender perspectives are fully incorporated in legal reform, security sector reform

Examples:

- Strengthening of partnerships with civil society actors to implement projects on women, peace and security

Entities are requested to indicate: a) spending period, b) total budget for the initiative and c) amount earmarked for women (if specific information is available).
