#### ANNEX I. DETAILED INSTRUCTIONS

The template consists of three sections:

- Section A: Identification of the initiative
- Section B: Initiative results statements and indicators
- Section C: About the initiative

Completion of all three sections of this template follows the results chain from a higher goal in the thematic areas for the implementation of SCR 1325 through outputs to strategies/activities.

#### Section A. Identification of the initiative

This section requests information on the actions to be taken or to be performed through which UN entity is intended to produce specific outputs. In the boxes in this section, entities are requested to provide: 1) a brief title of the initiative; 2) a short narrative description; 3) information on main partners; and 4) indicate which of the five thematic area/or areas the initiative aims at: Prevention; Participation; Protection; Relief and Recovery; or Normative. Broad definition of the thematic areas together with examples are provided below to facilitate identification of thematic areas. We encourage marking more than one area only when considered strictly necessary. If the initiative is a joint effort by several entities or a coordinating mechanism, please provide the full name (s) of the coordination mechanism and entities involved.

In this section entities are requested to place their reported initiative (s) in a Results Based Management (RBM) framework and provide information on:

- **Output/expected accomplishments**: This refers to the products and services which results from the completion of planned activities within a specific initiative
- *Indicator of output/expected achievement*: Please provide indicators for the reported initiatives. You can list both qualitative and quantitative indicators that will allow the verification of changes produced by the initiative relative to what has been planned. Make sure that output indictors measure the output statements. Please refer to Annex 2 for the list of suggested indicators.
- Source. Please provide information about the data sources for your selected indicator
- Baseline: Please provide baseline data against which progress can be measured. The baseline might be
  defined on the basis of the results achieved by each entity through implementation of 2006-2007 action
  plan.

#### Section C. About the initiative.

This section requests more specific information on the initiative.

- Where? Indicate where the initiative will be implemented HQ, global, region, country. Please specify name of region (s) or country (ies). [NOTE: If the same initiative will be implemented in several countries or regions, please use one template for the initiative but list all the relevant locations]
- When? Indicate the time-frame of the initiative. Please be as specific as possible, e.g. instead of reporting "ongoing," provide information of start and end dates and/or frequency.

• **How?** Each initiative should be categorized according to five broad categories: policy development; advocacy; capacity building; partnerships/networking and provision of goods and services. For analytical purposes the category 'capacity building' has been divided into three sub-categories: 'training', 'guidelines' and 'other capacity building'. The box below explains these categories.

#### **POLICY DEVELOPMENT**

#### **CAPACITY-BUILDING**

This includes training; the design and implementation of guidelines; and other initiatives which build human and/or institutional capacity for implementation of SCR 1325.
